## **YMCA BOYS & GIRLS OUTDOOR LEADERSHIP DEVELOPMENT SUMMER WILDERNESS TRIP PACKING LIST**

### **SAFETY**

You will be living outside, so having the right clothing is important for your comfort and safety. There could be **rain, hot sun, or strong winds** on your course. Our clothing list reflects the importance of the “layering” principle. Dressing in several light layers rather than one heavy layer allows you more flexibility as the weather and workloads change. Please review this checklist carefully and make sure you have all the required items. There is very limited space in the minibus and in your backpacks, so **please bring only what is on this list.**

### **SAVING MONEY**

You do not need to buy all gear at camping stores or specialty stores. You can find many of these items at discount outdoor stores, or at thrift stores such as Goodwill. If you do not have an item on the list and wish to borrow from BOLD/GOLD at YMCA Camp Cherokee, **please contact Nell Davis ASAP at (803) 222-2850 or [nellicadavis@upymca.org](mailto:nellicadavis@upymca.org).**

### **GROUP GEAR**

BOLD/GOLD will provide all group camping gear - see pg. 3. There is no need to pack any of this.

### **GEAR CHECK**

We will check your gear before we depart to make sure you have everything you need and nothing you do not. We may ask you to leave something behind to be stored securely in our office if we think it will be unnecessary or inappropriate.

### **MEDICINES**

If you are on any medication, prescribed or over the counter, we need to know about it. Please indicate it on your medical form. Any medication must be approved before your course begins. If it is approved, **make sure to bring double the amount you need in separate waterproof, non-breakable containers with dosage instructions.** If you use an inhaler, please bring an extra in case one is lost or broken. Instructors will keep all medications with them. **If you need epinephrine, please bring a kit with you.**

### **ALCOHOL/DRUGS/CIGARETTES**

No alcohol, drugs, or cigarettes are allowed during any time of our course. If such items are found in a student’s possession, it will be grounds for expulsion and immediate evacuation from course at the family’s expense.

#### **Why NO COTTON?**

Cotton is not a good fabric for the outdoors because it **will not keep you warm** when it gets wet, and it takes a very long time to dry. Also, avoid any blends with cotton. **PLEASE CHECK YOUR TAGS!** **Wool, fleece (aka pile), capilene, and polypropylene (100% polyester)** are good fabrics for the outdoors!

**Note: Only tee-shirts, underwear, and bandanas should be cotton.**
